The new addition to our mushroom-flavored mustard collection is this porcini mushroom perfection. This mustard exhibits a unique combination of softness and density. Mustard with porcini mushrooms gives a fabulous twist to vegetable roasted dishes and meats, and serves as the main ingredient for salad dressing. It blends in perfectly with most types of cheese and can be enjoyed straight from the jar as well.

Mustard with Authentic Tennessee Whiskey

160gr

Tennessee whiskey goes brilliantly with mustard seeds and the result of these two flavors merging is simply fantastic. The soft smoky taste of aged whiskey is expertly infused and paired up with a delicate texture and a fabulous fragrance.

A touch of whiskey is the perfect addition to pork, especially ribs, bon fillet or contra fillet, as well as, to any smoked meat. In small quantities it can be the secret to some creamy desserts, too.

Mustard Wholegrain

160gr

Featuring thick concentrated texture, this mustard exhibits a delicate flavor, both soft and rich astringency – the synergic effect of mixing two types of mustard seeds. Serve with all kinds of sausages, cold meat dishes and sandwiches. Fabulous for dressings, it gives the otherwise smooth sauce a discernible texture.

Mustard with Authentic Wild Flower Honey

The characteristic pungent-bitter tang of mustard is tamed by 18 per cent of pure bee honey. This all-natural ingredient balances, complements and enriches our Honey Mustard taste and flavor.

Makes a terrific dip for chicken and à la minute recipes. Great for sweeter dressings and dishes that call for a subtler mustard flavor, such as grilled meat and vegetables, sausages or burgers.

Truffle mustard is an exquisite addition to Vrionis' gourmet flavors. The marriage of mustard seeds and truffles makes this condiment with its characteristic aroma an everyday luxury treat.

Truffles' unsurpassable fragrance will bring memorable depth to any pasta, pork and beef dish. Enjoy it straight out of the jar with a selection of cheeses, meat dishes or rice appetizers.

Mustard with Authentic Maple Syrup 160gr

A Class A Canadian maple syrup gives this mustard a delicate sweet taste and a smooth creamy texture. Maple syrup strengthens the immune system and is loaded with antioxidants.

It renders its characteristic taste to pork and chicken, works great with glazes and marinades, and goes especially well with rosemary. It is also the dressing of choice for a variety of salads.

Mustard with Authentic Orange & Brandy 160gr

We complement our mustard collection with one real temptation, a combination of the flavor and the aroma of orange peels, citrus notes, and the soft scent of brandy. The aroma of French cognac enriches the fruity taste with notes of juicy figs, sweet pears, caramel, nutmeg, and woody nuances. A suitable addition to roasted meats, citrus salad dressings and a seductive finish to traditional Christmas desserts.
